April 29, 2019

Dear Martha Washington School Families:

This letter is to inform you of an incident that has impacted our Martha Washington Elementary School community. On April 29, 2019, three students consumed a baked good that potentially had an illegal substance in it. One of the students brought the baked good from home. The students were transported to the hospital.

Once we found out about this incident, we notified School District of Philadelphia Police and were in communication with the paramedics and the hospital. A full investigation of this incident is ongoing.

Any student consuming a dangerous and illegal substance is a serious concern to all of us. Incidents like this put the health and safety of students and staff at risk. Again, we take this very seriously and it will be dealt with according to District policy.

I encourage you to discuss this incident with your child and emphasize the importance of telling an adult staff member if they see or hear about an illegal substance during the school day.

Please feel free to contact us if you have any questions or concerns by calling the main office at 215-823-8203.

Thank you for your continued support of the students at Martha Washington Academics Plus School.

Sincerely,

The Martha Washington Administrative Team
